Whomever it may concern:

I would like to make a document request under the Freedom of Information Act. I am requesting information for the HAWAIIAN ELECTRIC INDS. INC. facility located at 92-200 FARRINGTON HWY, KAPOLEI, HI 96707. I am interested in documents that refer to air emissions of the facility as well as documents related to fine and penalties incurred by the facility. Specifically I am requesting the following:

1. All air pollution control permits and new construction permits
2. NSPS modifications made to the facility within past 20 years
3. RODs, Citations, NOVs, and Consent Orders
4. Quarterly and annual exceedance records (air only) for past 10 years
5. Stack test and emission factor test reports submitted to the state
6. Documented state and federal facility inspection reports.
7. Any air dispersion modeling files submitted to the agency
8. Local air quality monitoring data

Please let me know which files are available, and in what format (digital/hard copy) and when the files can be compiled or enumerated so that we may proceed.

Thank you,

Amanda Gardner
